Wire Recording May Play Key Role In Probe of Charges Against Mack

Chairman Harris Takes Personal Charge of Evidence

WASHINGTON (AP)—House investigators indicated today a spool of wire-recorded evidence may play a key role when they delve next week into charges FCC Commissioner Richard A. Mack took a \$2,650 payoff in a contested television case.

So important was the recording, purportedly of an hour-long interview in which Mack allegedly acknowledged "pledging" his vote, that Chairman Oren Harris (D-Ark.) of the House subcommittee on legislative oversight, took charge of it personally.

Harris said the recording will be used "to the best possible advantage" when the subcommittee calls Mack to testify next week. Investigators indicated the recording might be played in public, although they said the 11-man subcommittee has not heard it yet because they lacked a machine to play it on.

Mack Friday formally denied charges made by ousted subcommittee counsel Bernard Schwartz

implying he had accepted a payoff. Mack said the charges were "without foundation" and that he would not resign from the Federal Communications Commission.

Mack, 48, welcomed an investigation by the FBI, which under orders from Atty. Gen. William P. Rogers already has begun looking over subcommittee files.

Schwartz brought the charges into the open Thursday when he testified under oath that Mack received checks totaling \$2,650 from Thurman A. Whiteside, a Miami lawyer whom Schwartz identified as a "fixer."

Schwartz said Whiteside was attorney for National Airlines, parent firm of Public Service Television, Inc. Mack later voted with three other FCC commissioners to award a contested Miami TV channel to Public Service.

Whiteside, however, denied that he ever had been employed by the airline and said the \$2,650 represented loans.

Herbert M. Wachtell, former aide to Schwartz and now one of his lawyers, testified Thursday he secretly made the recording by hiding the wire in his briefcase during an interview with Mack.

"This is a recording of the entire interview," Wachtell said, "in which Commissioner Mack acknowledged receiving the money, acknowledged that substantial portions of these 'loans' had been forgiven, acknowledged that he had no specific recollection of ever making any single repayment, acknowledged that he knew Mr. Whiteside was representing National Airlines, acknowledged that he had told people that he had pledged his vote to Mr. Whiteside and National Airlines, and acknowledged that he then voted for Public Service although from his own personal knowledge in the Miami region as a credit manager, he knew something about some of the principal officers and directors of Public Service."

Whiteside, however, denied that he ever had been employed by the airline and said the \$2,650 represented loans.

Heavy Snowfall Blankets Areas In Southeast

Thousands of Miles of Highways Are Closed

By United Press

The heaviest snowfall of the winter blanketed the Upper Southeast today, closing off thousands of miles of highway in North Carolina, Georgia and Alabama.

The snow belt extended below Atlanta, Ga., to Montgomery, Ala., where sleet was mixed with the snow.

Tennessee highway patrolmen halted motorists without tire chains as they tried to drive on mountain roads. Georgia patrolmen stopped traffic north of Canton and Gainesville because high winds had blocked by trucks that had skidded into ditches.

The Weather Bureau said no relief was in sight for the area over the weekend. Some parts of Tennessee were to receive as much as 10 inches of snow, and temperatures in most of the area were expected to hover near the freezing mark.

Farther South, storm warnings went up for small craft from Brownsville, Tex., to St. Marks, Fla., as north winds blew at 20 to 30 miles an hour. And in the rest of cold-stricken Florida, rain fell and predictions were for colder to night.

The new blast of winter weather ended a day-long reprieve in the onslaught of cold in the Midwest. The new mass of cold air crossed into the plains states from Canada, forcing the mercury down 30 degrees in a 24-hour period. Its chilly influence was felt as far south as north central Texas.

Four Buried, Feared Dead In Avalanches

OURAY, Colo. (AP)—Fifty men probed tons of snow today for the bodies of four men buried when two avalanches thundered down towering Red Mountain.

The searchers did not believe any of the four could have survived the terrible destructive force of the two slides, which ripped up trees and rolled down rocks and debris as they tore down the slopes of the 11,800-foot mountain, six miles south of here Friday.

Three of the men were caught in the second avalanche as they worked to find the body of a man trapped in the first slide.

A series of other slides in this southwestern Colorado section, after a snowfall of 30 to 40 inches, caused communications, destroyed property and nearly caught more than 60 other people in their deadly paths. Heavy snows, up to 24 inches in 24 hours, have fallen recently.

The four victims were identified by Sheriff Bud Scott as Walt Smith, 40, superintendent of Camp Bird, a lead and zinc mine near here; Ted Mason, 40, mine foreman; Mike Muransky, 40, a miner, and Danny Jerrell, a state highway employee who had kept the mine road clear of snow. They all left families in Ouray.

Judge Wright Denies Petition To Dissolve Village of Muddy

Rules Four Do Not Have Sufficient Legal Interest

Circuit Judge Clarence E. Wright of Carbondale today ruled that four persons seeking to file quo warranto proceedings designed to dissolve the Village of Muddy do not have sufficient legal interest to do so.

He made this ruling in denying the four, who live adjacent to the village limits, permission to file the quo warranto proceedings.

The ruling came after a hearing on a motion to dismiss argued by Atty. Frank Hanagan of Benton and Atty. Ralph Harris of Marion, attorneys for the village and the village trustees, and Atty. James Sanders of Marion, counsel for the petitioners.

Hanagan and Harris argued that because the four do not reside in the village they have no legal interest in the case, that there was insufficient fact in the petition.

Sanders argued that the fact that they are Harrisburg township taxpayers gave them an interest.

Judge Wright, in giving his ruling, declared: "I have no interest in this matter except to try to follow the law. I have no interest in any community argument going on about the village or in personalities involved. The question is this: Do these petitioners have an interest in the spirit and meaning of quo warranto? I can't convince myself they do in the light of cases cited to me today."

"Regarding the fact that the vil-

lage has a sales tax these people pay can be thrown out the window right now. People don't have to trade there if they don't want to."

In reference to the township road fund as cited by the counsel for the petitioners, I don't think it in point. It is not an interest affecting these people individually any more than it affects all the township."

Resignation Is Accepted By Eisenhower

President Wishes Success; No Comment On Political Future

THOMASVILLE, Ga. (AP)—President Eisenhower today accepted the resignation of his disarmament adviser, Harold E. Stassen, who will seek the Republican gubernatorial nomination in Pennsylvania.

Stassen telephoned the President here Friday afternoon and told him of his final decision to enter politics in Pennsylvania.

White House Press Secretary James C. Hagerty today released letters between the President and Stassen. The President wished Stassen "a successful and happy future," but declined to comment particularly on Stassen's immediate political future.

Hagerty said there was no truth to reports that Stassen, former governor of Minnesota, was asked to leave the government. He said Stassen made an entirely political decision on his own and after deciding to run for office, there was no thought of remaining on the White House staff.

Stassen's resignation was effective immediately. He was to make a formal announcement of his Pennsylvania candidacy later this morning.

In a "Dear Harold" letter the President told his special assistant, "I deeply regret that you are leaving the federal government, effective today, and that our five-year association together in government service is to terminate."

Adams Passed the Word
"Since the reasons you give me for your decision are of a political nature and involve an intent to participate in a primary contest in Pennsylvania, I deem it inappropriate for me to comment here on them," the President wrote.

"But I am free," Eisenhower said, "to express my deep conviction that because of your long and varied experience in state government and in military and civil posts in the federal government, you have much to contribute to the future of our country."

Sherman Adams, the assistant to the President, privately passed the word to friends on the night of Jan. 31 that the President thought that since Stassen was engaging in preliminary campaign activities he should leave his federal post. Adams was quoted as saying that if Stassen did not submit his resignation, the President would ask for it.

On Feb. 6, Stassen conferred with Eisenhower and said later that he had not resigned, nor had his resignation been requested.

On the point whether Stassen was asked to get out, Hagerty said, "Of course he wasn't."

"It was a decision Gov. Stassen made and one that only he could make," Hagerty said. "Neither he or anybody else would expect that he would remain on the White House staff if he is to make a political decision."

Coast Guard Battles Ice in Mississippi River

ST. LOUIS (AP)—A wintry battle against ice was being waged today by the Coast Guard Cutter Foxglove and two Army vessels seeking to mark the Mississippi River channel between Cairo, Ill., and here.

The U. S. Army Engineers Corps set its powerful channel patrol boat, Pathfinder, to aid the Foxglove fighting to cut through giant size ice cubes near Cairo. The Army towboat Crane was assigned to the Cape Girardeau area to replace buoys marking the channel which have been swept away by ice.

Col. Charles B. Schweitzer, district engineer, said some commercial tows reaching Cape Girardeau have run aground along unbuoyed reaches. Others were being "talked through" in much the same manner as an airplane flying blind is "talked in" to a safe landing, he said.

A tight ice condition at Cairo was described by Capt. Fred P. Vetterick, commander of the 2nd Coast Guard District. He said present high stages on the Ohio River have retarded the current velocity in the nearby Mississippi. Heavy floes of ice were hampering work to replace buoys there, he added.

Elks Ritual Team In Contest Sunday At Murphysboro

The Harrisburg Elks ritual team will travel to Murphysboro tomorrow to defend the South district ritual championship in the annual ritual contest, a highlight of every lodge year.

Last year the local team won the district trophy at Carmi, and went on to finish third in the state contest at Springfield. This was considered by ritual authorities to be remarkable in view of the fact that it was the first time a Harrisburg team had ever entered ritual competition, and first-year teams traditionally finish fairly low in the standings.

Other teams scheduled to compete in the contest this year include Cairo, Carmi, Murphysboro, Chester, Du Quoin and Salem.

Harrisburg will give their ritual presentation at 1:00 tomorrow afternoon, and the team members are hoping for a good number of Harrisburg Elks to be on hand to cheer them on.

Ag Dep't Recommends Equipment for ASC Groups

WASHINGTON (AP)—The Agriculture Department has recommended that about 1,000 county Agricultural Stabilization and Conservation committees buy mechanical equipment costing an average of \$3,500 per installation.

A department spokesman said tests have shown that the mechanical equipment will pay for itself within a year to 18 months. The spokesman emphasized that purchase of equipment is not mandatory. But the department recommends it on grounds of economy.

The equipment consists of an addressograph machine and appurtenances to be used in the processing of various forms which the department's Commodity Stabilization Service prepares for the acreage allotment and marketing quota programs. The ASC committees administer at local levels the CSS programs.

The spokesman, who works in the administrative services division, said the mechanical equipment will be of value in county offices which handle about 2,000

acreage allotments. For those which process much more than 2,000 allotments, the department recommends additional equipment which would make the total installation cost about \$4,300.

The total cost to the government, the spokesman said, would be about \$3,500,000 to \$3,750,000 if 1,000 county offices buy the equipment.

The spokesman said there was no outside pressure on the department to recommend purchase of the equipment. He said the decision to make the recommendation was made administratively.

Size of Farm Population Up to Economy

WASHINGTON (AP)—The Agriculture Department said today the size of the future farm population is a matter of economics.

"The farm population will continue as large as incomes from agriculture or a combination of agriculture and off-farm work will encourage," the department said in a fact-finding report.

The department arrived at this conclusion after reviewing the farm population background, why there are fewer farmers, farm living conditions, and what the future holds for farmers.

The farm population on April 1, 1957, was estimated at 20,396,000, about 12 per cent of the total population of 170,510,000. A quarter of a century ago, the farm population was 32,393,000, or 25.8 per cent of the total population. The decrease in farm population during the last 25 years has been about 500,000 persons a year. One hundred years ago, farm people made up 65 per cent of the total population.

Average productivity of U. S. farm workers since 1940 alone has increased more than in the previous 120 years. In 1820, each farm worker produced enough to feed and clothe 4.1 persons. By 1940 this figure had risen to 10.8. By 1956, a farm worker produced enough for the needs of 20.8 persons.

Since 1940, the total output of farm products has increased about 36 per cent. In the same time, the nation's population went up 27 per cent.

March 1 Last Day For ACP Sign-Up

March 1st is the final date of the sign-up period of the 1958 Agricultural Conservation program, Edgar V. Thompson, chairman of the local ASC committee stated today.

Any farmer who needs cost-sharing assistance in carrying out approved conservation practices on his farm should contact the ASC office in the city hall, Harrisburg, on or before the March 1st closing date. Practices offered in Saline county for the 1958 program include: limestone, rock phosphate, pasture establishment, sod waterways, drainage ditches, terraces, ponds, green manure seedings and tile outlets.

Under certain conditions, requests for cost-sharing may be filed after the above closing date. However, this will depend in great part on the availability of funds. Because of such uncertainty said Mr. Thompson, we are suggesting that all interested farmers should file their requests at the present time.

Under the ACP program the federal government shares with farmers the costs of carrying out specifically approved conservation practices. To be eligible for assistance farmers must file an official request before the practice is started, receive an approval extended by the county committee, and complete the practice according to established specifications and requirements.

93.9 Million Cattle in U. S.

WASHINGTON (AP)—The Agriculture Department said today there were 93,967,000 cattle on U. S. farms and ranches on Jan. 1. They were valued at \$11,234,712, 000.

The cattle population was 1 per cent, or \$35,000 head, under the figure reported a year ago and the smallest since 1952.

The value of all cattle a year ago was calculated at \$8,652,790, 000. Sharp increases in cattle prices have occurred since then.

Milk cows declined 2 per cent to 22,357,000 head, the smallest number since 1928. Beef cow numbers declined 1 per cent while all other beef stock was up from a year ago.

The hog population was practically unchanged from a year ago at \$1,559,000 head. It was valued at \$1,552,767,000.

The number of all sheep and lambs was reported at 31,328,000, up 2 per cent from last year. The 1957 valuation was \$601,929,000.

Parasites Can Be Unseen on Beef Feeders

URBANA—Parasites, both internal and external, can add much cost to growing beef cattle.

The extra cost comes from the slower gains made by cattle with a bad parasite infestation, says G. R. Carlisle, extension livestock specialist at the University of Illinois College of Agriculture.

Have your local veterinarian check for internal parasites if your cattle look unthrifty, Carlisle suggests. Then follow his plan for getting rid of them if he finds any.

Cattle that rub and scratch a lot may have external parasites like lice or mange. Get rid of these pests with either a lindane or a malathion spray. Do not use benzene hexachloride. Spray on a bright, sunny day. Follow the directions on the container.

Tests at midwest agricultural experiment stations have not shown any significant differences in results with solid and liquid fertilizers, says an agronomist at the University of Illinois.

Tunisia Claims French Troops Along Border

By United Press
The Tunisian government accused France today of massing troops, tanks and artillery along the border between Algeria and Tunisia. Bloody new border incidents were feared.

The French move appeared to be in connection with their civil war in Algeria, but the troop movements near the bomb-battered village of Sakiet Sidi Youssef sent a new wave of tension across Tunisia. Noisy anti-French demonstrations have occurred in Tunisia but there have been almost no incidents involving French and Tunisian armed forces. Some observers had believed the situation was easing, until Tunisia reported the French military maneuvers.

Despite the border tension Tunisia today relaxed slightly its blockade of French military bases. Tunisian merchants were permitted to take food supplies to some bases and the water supply was turned back on at Sfax. Telephone lines were opened to the French military hospital in Tunisia.

Gen. Fernand Gambiez, French commander-in-chief, was allowed to leave his headquarters for the first time in three days and visit the French embassy.

Both France and Tunisia were mounting diplomatic offensives in preparation for a hearing in the United Nations Security Council on Tuesday.

State Police to Begin Arrests of Motorists Without '58 Plates

SPRINGFIELD (U.P.)—State Police Chief William H. Morris said today his men will start arresting motorists who do not have 1958 license plates at 12:01 a. m. Sunday.

Today is the last day for obtaining 1958 plates before the deadline set by Secretary of State Charles F. Carpenter said today there will be no extension of the deadline and Morris said his men will start immediately Sunday to arrest motorists who still are displaying 1957 plates.

Morris said arrested motorists would be taken before justices of the peace, who in other years generally have levied a \$3 fine plus \$2 costs for such offenses.

Two Sheikdoms May Join Iraq- Jordan Pact

AMMAN, Jordan (U.P.)—The oil-rich Persian Gulf sheikdoms of Bahrain and Kuwait may join the new Arab Federation set up by Jordan and Iraq, informed sources said today.

Such a union would give the Arab federation control over most Middle East oil production outside Saudi Arabia. Arabia's King Saud has approved the Jordanian-Iraqi union without joining it himself.

Control of oil sources would partially arm the federation against pressure from the Egyptian-Syrian United Arab Republic, which controls the oil shipping routes—pipelines through Syria and the Suez Canal through Egypt.

Reaction to Friday's announcement of the Arab Federation varied among the nations chiefly concerned.

The heads of the East-West blocs jockeying for prestige in the Middle East greeted the union cautiously. The United States gave hesitant congratulations while Russia merely reported the development without comment.

Both nations had reacted similarly to the union of Egypt and Syria less than one month ago.

Egypt's President Gamal Abdel Nasser, head of the new United Arab Republic, cabled warm congratulations to Iraq's 22-year-old King Faisal, head of the new Arab Federation.

Israel, sitting between the two new Arab unions, maintained discreet silence.

Two Lawsuits to Test Sale of Holden Hospital

CARBONDALE, Ill. (U.P.)—Two lawsuits have been filed to test the legality of the sale of Holden Hospital to the Southern Illinois Hospital Corp.

A suit filed in Carbondale City Court Thursday, by 26 contributors to the hospital, a non-profit institution operated by the Methodist Church, asked a temporary injunction halting the sale.

The Holden Hospital Corp. filed the second suit in Jackson County Circuit Court at Murphysboro seeking court permission to sell the hospital for \$275,000.

The hospital's executive board voted last week to sell to the Southern Illinois group which also operates hospitals at Carbondale and Herrin.

The group expressed thanks to Mrs. Peggy Lane and Mrs. Anna Lee Chrisman for helping with transportation.

Evansville Man Dies in Plane Crash

FORT BRANCH, Ind. (U.P.)—Indiana state police said Charles Clark, 56, Evansville, Ind., was killed Friday night when his five-passenger private plane crashed into a farm field near here.

Cause of the crash was not immediately determined, but officials said some commercial airlines in Indiana had been grounded because of foul weather.

Clark's body was found early today on the Glen Utley farm. The plane's landing lights were still burning even though the craft was badly damaged when it hit a tree in an apparent landing attempt.

Betting on Prosperity

WASHINGTON (U.P.)—High-ranking Republicans today staked their party's 1958 campaign hopes on an upturn in the national economy.

Vice President Richard M. Nixon said Democrats were "betting on depression" while the GOP was "betting on prosperity."

Nixon and other Republican leaders rose to counterattack as the government reported industrial production in January skidded to the lowest level in nearly three years. It was the fifth month in a row that industrial output had dropped.

Leading Democrats in Congress and elsewhere have been attacking administration handling of the business slump and calling for stronger measures to head off a possible depression.

Nixon and House Republican Leader Joseph W. Martin Jr. (Mass.) addressed a Republican rally Friday night in Phoenix, Ariz.

Martin hit at Democratic "hysteria peddlers and prophets of gloom." He declared there is nothing wrong with the economy or security "that a little calmness, common sense and confidence can't cure."

The Senate Republican Policy Committee sent GOP senators a memorandum former President Truman once indicated a belief

ATTEND CHURCH SUNDAY

WOULD A FENCE HELP?

If we could build a fence around the world, what would it mean?

Would we live happily with one another? Would we respect our limitations and still feel free within our confines? Would we stop wars, and know eternal peace?

Probably not. Because, while you can fence in physical objects, the minds, the hearts, and the souls of man cannot be fenced. Nor could we be forced to live in peace. Blessed peace can come only to us through practicing the love, the faith, the tolerance and the understanding that God, through His Church on earth, tries again and again to teach us.

With that in mind, remember World Day of Prayer this year. Determine not to build a fence around yourself, or around anyone else—but to pledge, instead, to enlarge your horizons and the horizons of the entire world through the common voice of prayer.

And what better place in which to make such a pledge than the Church itself?

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Bull Dogs Race by Rangers, 79-68

Shoot .500 from Field; Hassett's 32 Sets New Gym Record for Locals

Play at Eldorado
Tonight After New
Gym Dedication

The Harrisburg Bull Dogs, shooting .500 from the field, and playing one of their better games of the season, defeated the Benton Rangers, 79 to 68, in a South Seven basketball game at Davenport gym last night.

It was Ray Hassett's greatest night. The senior guard played all over the floor and broke the Bull Dog scoring record when he plunked 32 points through the hoop on 11 field goals and 10 free throws in 12 attempts. Bob Pavelonis held the record with 30 points, made against Eldorado last Nov. 30.

A very small crowd was on hand to see the victory.

Tonight the Bull Dogs travel to Eldorado to help the Eagles dedicate the big new gymnasium. There will be only one game and it will follow a dedication program that starts at 7:30 p. m. Harrisburg has beaten Eldorado twice this year. First time the Bull Dogs won convincingly but the last time out the Eagles put up a fine game. Coach Al Adams' boys have been showing improvement all season.

Fine Scoring Efforts

The Bull Dogs last night were up against the biggest team in the conference but they played well against the Benton zone and when the Rangers had to pull out because of being behind, the locals went to town. Hassett showed the faithful on hand how to drive through a zone for layups. Figures show the Bull Dogs

made 30 out of 60 from the field for the .500. They made 16 out of 35 the first half and 14 out of 25 the second half.

Coach John Dotson got fine scoring efforts from sophomore John Stone and junior Bob Pavelonis as well as from Hassett. Each boy got 17 points.

Ferguson was high with 24 points for Coach Ralph Davison's Rangers.

After a see-saw first quarter, Harrisburg took the lead as it came to a close, 18 to 16, and after the score was tied at 18-18 grabbed the lead to hold it the rest of the game, running the margin to ten points midway in the second period. The half ended with Harrisburg leading 40-33.

Bull Pups Lose, 59-52

Harrisburg increased its lead during the third period, which ended 58-47, and kept it in the last frame, when each team scored 21 points.

In the preliminary game the Bull Pups looked better than they have of late but dropped the contest 59-52 to the Benton freshman-sophomore team. Benton led 19-16 at the quarter, 35-32 at the half, and 48-45 at the end of the third quarter.

J. B. Henshaw had 23 points for Harrisburg. Charles Banks had 16. Jerry Kane 3, Dale Robertson 2, Carl Shelton 2, Beasley 1 and Hamilton and Wise also saw action.

The Carrier Mills Wildcats continued their winning ways at Norris City Friday night, winning from a good Cardinal team 59-54. The victory ran the 'Cat record to 19-1 with four games remaining on the schedule before tourney time.

The teams played on even terms—13-13 and 14-14—in the first and third quarters respectively, with Carrier Mills holding a slim 19-18 second period advantage and outscoring Norris City 13-9 in the final frame.

Vern Rollins, whose starting status had been in doubt as the result of an ankle injury suffered earlier in the week, led his team to victory with 20 points. Sophomore Gary Taborn also hit in double figures with 15 points.

Kerwin Wins Decision; Dispute Over Knockdown

NEW YORK — The International Boxing Club hopes to stage a return bout because of the dispute over welterweight Gale Kerwin's "Chinese" knockdown and his split-decision victory over previously unbeaten Stefan Redl.

Canadian Kerwin, now living at Valley Stream, N. Y., was awarded the split verdict Friday night after his 10-round TV fight with German Redl, now residing at Passaic, N. J., before 3,500 at Madison Square Garden.

Kerwin, weighing 142 3-4 pounds to Redl's 145 1-2, snapped Stefan's victory string at 17 straight; but he received an assist from referee Larry Napp, who credited Kerwin with a knockdown in the sixth round.

Without that knockdown ruling, which influenced all three ring officials in awarding the sixth session to Kerwin, Redl might have won the fight.

The debatable knockdown resulted when Kerwin landed a right to Redl's head and sent him spinning sideways so that Redl brushed the canvas with his gloves. Napp, an American League umpire during the baseball season, said, "I had to call it a knockdown because the rule book states specifically that a boxer is down if any part of his body other than his feet touches the ring floor." Many less-technical referees would have called the brushing a "slip."

Stocky Redl took the mandatory eight-count on his feet while the fans booed lustily at the ruling that gave Kerwin a cheaper knockdown even than any of the cheap "Chinese" home runs Napp may have seen on the diamond.

Pistons Beat Celtics, 111-109

With the Eastern Division title just about sewed up, the Boston Celtics get a chance to do the New York Knickerbockers a great favor today when they meet the Philadelphia Warriors in the weekly nationally televised National Basketball Association game.

The Celtics, who own a six and one-half game lead over the second-place Syracuse Nationals, dropped a 111-109 decision, their first of the season, to the Detroit Pistons Friday night, but need only eight wins to clinch the Eastern title.

The Warriors, in third place, are two games up on the last-place Knicks in the standings and also have four games in hand on the New Yorkers, who rallied to beat the Cincinnati Royals 103-92 Friday night.

Herrin, W. Frankfort Win

By United Press

Clinton overturned Springfield Lanphier, 64-51, but other top-rated high school basketball teams ran true to form Friday night.

Among the winners were Herrin, West Frankfort, Quincy Notre Dame, Rock Falls, Rockford East, Evanston, Proviso, Pekin, Mattoon, Rock Island and Collinsville.

Herrin gained revenge for one of the three defeats on its record by topping Mount Vernon, 57-50, and West Frankfort bounced Marion, 83-75.

Second-ranked Quincy Notre Dame ran its record to 21-1 by edging Rock Island Alleman, 57-53. Rock Falls also stretched its season mark to 21-1 with a 57-44

conquest of DeKalb.

Pekin, stung with defeat in three of its last four games, came back with a 70-56 win over Decatur in Big 12 Conference play. Also in the Big 12 seventh-ranked Mattoon belted Peoria Manual, 57-43, and Champaign topped Urbana, 56-51.

Big 12 Conference leader Springfield beat Streator, 83-64.

In the Big Eight Conference, Rockford East jolted Freeport, 53-45, Elgin beat Aurora East, 71-59, and Rockford West squeaked by La Salle-Peru, 62-59.

Collinsville extended its record to 20-2 with an easy 76-56 rout of Alton, while Belleville topped Edwardsville, 78-70, and East St. Louis tripped Wood River, 77-61.

In the Chicago suburbs, Evanston and Maywood Proviso both collected their 13th victories against two defeats. Evanston beating Waukegan, 42-40, and Maywood taking Highland Park, 51-42.

Jacksonville clouted Springfield Cathedral, 64-49, for its 16th triumph in 20 games, and Ottawa edged Dixon, 80-74.

In the eastern part of the state, Paris whipped Effingham, 47-37. Carmi took Fairfield, 67-45, Salem dumped Mount Carmel, 60-55, and Effingham St. Anthony whipped Newton, 58-46.

Almost unbelievable in modern basketball is a scoreless period, particularly with a running, shooting club like Galatia, but the Bears just couldn't connect and failed to score a point during the entire second period. At intermission time Rosiclare was way out in front 38-15.

E. Green hit for 26 points in leading Rosiclare to victory. Three mates—Coff 21, Seay 12, Edwards 10—also hit in double figures.

Hill and Davis with 23 points each tied for Galatia honors.

Jim Cox paced Shawneetown to victory with 19 points. Also in double-figure scoring for the winners were Pierson 11, Jim Brazier 15, Hunsaker 13.

King topped Pope County's scoring with 17 points.

A Greater Egyptian conference game that will attract lots of attention tonight has league-leading Ridgway of Equality.

Rosiclare Trips Galatia, 79-61; Shawnee Wins from Pope, 65-52

Rosiclare and Shawneetown won Greater Egyptian conference games Friday night.

Shawneetown's 65-52 decision over Pope County was the first GEC triumph in two seasons for the Indians. Shawneetown was unbeaten in the conference during both the 1954-55 and 1955-56 seasons. Then the all-winning team was lost by graduation and the 1956-57 season went by without the Indians getting in the GEC win column and the present season saw Shawneetown going through short consecutive loop tilts on the short end of the score.

However the young Indian club—there are four soph and one junior in the starting lineup—has shown steady improvement since the Christmas holidays and has won three of the last six ball games.

Rosiclare won at Galatia 79-61, a big factor in the Galatia loss was a scoreless second quarter.

In South Suburban Conference play, Thornton turned back Lockport, 50-39, and Sloom edged Kankakee, 47-46.

Canton squeaked by East Peoria 59-57, and Galesburg trampled Kewanee, 86-61.

Rock Island walloped Iowa City, 59-45.

Eagles Suffer 70-53 Defeat At McLeansboro

Eldorado Eagles went to McLeansboro Friday night and suffered a 70-53 defeat.

A big third quarter wasn't enough to offset a terrible first half as the Eagles lost their 17th game of the season. Eldorado has won two.

After scoring but ten points in the entire first half, including four in the second quarter, and trailing 31-10 at intermission time, the Eagles came out with a big 31-point third period, but were still back 56-41 as the final frame began.

Mike McMahon was top scorer for Eldorado with 22 points, only Eagle in double figures. Sandusky had 24 for McLeansboro to take game honors.

Eldorado will be at home tonight to Harrisburg in the dedication game of the new, modern Eldorado gymnasium.
